

THAI KALI COMPANY LIMITED

333 Moo 4 Nongsai, Dan Khun Thot, Nakhon Ratchasima 36220, Thailand

TK1001/2566

20 January 2023

TO WHOM IT MAY CONCERN,

THAI KALI COMPANY LIMITED would like to inform that we will not renew our **Kosher Certificate** for the Year 2023. The reasons behind our decision are as follows;

- 1.) our production process, machines, and all raw materials used remain the same as when we were Kosher certified,
- 2.) our main raw material is raw salt obtained from natural source and is non-organic material,
- 3.) our production process does not use organic material, or any material derived from organic origins (any meats, dairy products, insects, fruits, or vegetables),
- 4.) our products are continuing to be produced in compliance with GMP, FDA and Halal guidelines and requirements.

Therefore, we can assure that our refined Sodium Chloride (NaCl) products are in compliance with the guidelines and standards of Kosher products.

THAI KALI COMPANY LIMITED thank you for your understanding and your confidence in our products. We will continue to uphold the quality of our products to meet our valued customers' requirements.

For any inquiries, please contact our sole distributor, Suvarnabhumi Salt Company Limited.

Sincerely,

Peerawuth Snguanwongchai
Production Manager
THAI KALI COMPANY LIMITED
