

## LETTER OF GUARANTEE

November 21, 2023

To whom it may concern,

Refer to your request for Kosher Certificate of 2023; we would like to inform. That this document is not available since its renewal expense is so costly while there is the lesser of customer request for this certificate. So we decided to give it over.

However, we can provide a manufacturer certificate to confirm that our salt product is suitable for Jews, vegetarians and vegans as well as Muslims since it does not contain any ingredient of animal origin.

Sincerely yours,

Ms. Nongluck Camkling

Laboratory Manager
