EXPLANATORY NOTE

#

(DLD)

The laboratory has been accepted as an accredited laboratory complying with the ISO/IEC 17025.

This analytical report shall not be reproduced except in full, without written approval of the laboratory.

The result(s) relate(s) only to the sample(s) as received.

This document can only be reproduced in full; it only concerns the submitted sample.

Results have been obtained and reported in accordance with our general sales conditions available on request.

When declaring compliance or non-compliance, the uncertainty associated with the result has been added or subtracted in order to obtain a result that can be compared to regulatory limits or specifications. The uncertainty has not been taken into account for standards that already include measurement uncertainty.

The tests are identified by a five-digit code, their description is available on request.

Eurofins General Terms and Conditions apply.

☐ Test is externally subcontracted.

Test is subcontracted within Eurofins group.

Parameter is not accredited.

Designated method by Department of Livestock Development for livestock product testing.

Est Estimated count.

LOD Limit of Detection.

LOQ Limit of Quantification.

<LOQ Not detected at or below the LOQ.
